

# OXY/Splendik Plank

Ceiling strip & Wall panelling

For External - most suitable for steel roof truss & shingle roof tile system

For Internal - mixed & matched with plaster ceiling as exclusive designs

Cost savings @ initial & long-term due to,

- ✓ simple installation method (similar to plaster ceiling) ➤ cheaper & faster than conventional carpentry method
- ✓ effective ceiling width 4", easier material calculations ➤ minimum wastages
- ✓ pre-finished surface with smart T&G design (screws hidden) ➤ needs no further patching, painting nor varnishing
- ✓ termite & water resistant, no termite/ insect treatment required (long term savings!)
